Roll with the punches

Hello Rebecca,

Mike Tyson famously said, "everyone has a plan 'till they get punched in the mouth." And you could be feeling like you've been punched with the triple-whammies of markets entering bear territory, inflation, and interest rates.

But let me assure you, we have a plan and we can roll with the punches. In times like these, it makes sense to go back to basics. What are your short, medium, and long-term goals? Have they changed? Let's talk about it, and whether we need to make adjustments to your financial strategy to help keep you on track to pursuing those goals.

Challenging times like these can give us opportunities to grow, learn, and improve. Challenges we overcome give us the energy, determination, and tenacity to achieve our goals.

I'm with you every step of the way. Enjoy the articles – I found them informative and inspiring. Looking forward to connecting.
